Words and music by Alexander Sands, 2003

I'm a goldfish in a bag
My life about to burst
In a pool of my own tears
You hit me where it hurts

I'm a radish in a cup
Stuck between the lines
Spinning round' in circles-
Til' I make it to Cloud Nine

I'm a dolphin in a tank
Reduced to doing tricks
Jumping through your ring of fire
Just so you could get your kicks

I'm an apple in a barrel
At the bottom of the lot
Searching for the sunshine
I don't wanna be forgot-

by you.
